SUMMARY

Frontend & Mobile Software Engineer with 3 years of experience designing and developing high-performance web and mobile applications using ReactJS, React Native (Expo), and Next.js. Expertise in building reusable UI components, optimizing application performance, and integrating secure payment systems like Stripe Terminal SDK. Proficient in API integration, state management (Redux), and CI/CD pipelines. Strong problem solver with ability to deliver scalable, user-centric solutions aligned with business objectives.

EDUCATION

Bachelor of Technology in Computer Science

[Vaageswari College of Engineering](#)

August 2018– September 2021

CGPA: 6.91

Diploma in Computer Science

[Mahaveer Institute of Science and Technology](#)

August 2015 – March 2018

Percentage:68.28

TECHNICAL SKILLS

- **Frontend** : ReactJS, React Native, Expo, HTML5, CSS3, SCSS, Redux
- **Mobile** : React Native (Expo CLI), Android Deployment
- **Backend & APIs**: RESTful APIs, Next.js
- **Database Management**: MongoDB, PostgreSQL
- **Version Controls**: Git/Git Hub, NPM, Yarn, Jenkins

PROFESSIONAL EXPERIENCE

[Software Engineer – II | Ayat Solutions](#)

Feb 2025 – Present

- Developed cross-platform mobile app with React Native & Expo, delivering seamless UX on Android.
- Integrated Stripe Terminal SDK to enable secure in-person payments; managed transactions and error handling.
- Created reusable TypeScript UI components following modular design and best coding practices.
- Implemented API-driven session timeout and idle detection enhancing app security.
- Collaborated with backend teams on RESTful APIs for authentication and dynamic content loading.
- Optimized app performance by minimizing re-renders and supporting offline usage via Async Storage.

[Selling Partner Support | Amazon Development Centre](#)

March 2024 – July 2024

- Provided technical support and resolved operational issues for Premium Sellers on Amazon platform.
- Educated sellers on Amazon tools, processes, and best practices to enhance their selling capabilities.
- Utilized various software tools to manage seller accounts and policy reviews effectively.
- Suggested process improvements to enhance both associate and seller experience.
- Analyzed seller feedback to identify common issues and collaborated with product teams to improve platform features.

- Assisted in training new associates on tools, policies, and best practices to maintain high-quality customer service.

Frontend Developer | Wipro Limited

May 2022 – March 2024

- Delivered high-quality, pixel-perfect UIs using ReactJS, CSS3, SCSS, with responsive design principles.
- Maintained SaaS and SPA applications, managing state with Redux and integrating REST APIs.
- Used Webpack, Gulp, and NPM/Yarn for dependency management and performance optimization.
- Worked in agile teams with CI/CD tools like Jenkins, handling legacy code refactoring.
- Collaborated with designers and backend developers to implement new features and improve user experience.
- Identified performance bottlenecks and applied front-end optimizations that reduced load times by 20%.

TRAININGS & CERTIFICATIONS

- HackerRank Certified Frontend Developer (React)
- AWS Developer Associate
- Microsoft Azure Fundamentals
- Google Associate Cloud Engineer
- Proficient in AI & AWS technologies
